**ORIGIN
100% IVECO**

Origin 100% Iveco - the instinct of excellence

Only the Iveco Dealer network is able to maintain your vehicle for optimum performance at all times. For this reason, Origin 100% Iveco has been marketed to reinforce our commitment to you, our customer.

Origin 100% Iveco has been designed specifically to:

- Guarantee a first class level of Customer Service that always meets the needs of our customers
- Manufacture Iveco original parts through a continual programme of research and development, selecting only the best products from leading suppliers.

The results are products and services of outstanding quality, with customer care support packages to match. Iveco Customer Service caters for your needs with skill and dedication, to help maintain your investment in perfect condition over time - something that only the original manufacturer can offer.

Suppliers - we work only with suppliers that conform to the highest quality standards.

Quality Checks - we carry our regular and stringent quality checks on all our products.

Materials - we select only those materials that meet strict quality standards and provide the best performance.

Original Parts - your assurance of product quality, safety, reliability and performance.

Dealer Network - strategic coverage ensuring your needs and expectations are met first time, every time.

2 year Nationwide Warranty

Iveco are committed to providing you with the highest quality replacement parts. That's why with every 100% original Iveco part, you get a full two year, unlimited mileage nationwide warranty when fitted at one of our workshops.

*Subject to terms and conditions.

Stralis - Cursor 8	£4,350.00
Stralis - Cursor 10	£5,650.00

(*) Includes all parts needed for fitting

WHY FIT AN LEZ CONVERSION KIT?
Prices of LEZ compliant vehicles are rising ever more, making it expensive for owners to replace their non-compliant truck.

The fitting of particulate filter kits is the cheapest option and allows you to drive your vehicle inside the LEZ free of charge by converting the emissions to EURO IV standards. This solution will spare you the time-consuming search and costly purchase of a compliant vehicle in a market sector where the demand cannot be matched.

HEADLAMPS	PRICE
Daily S2000	£62.99
